Community Team for People with Learning Disabilities (CTPLD)

The Community Team for People with Learning Disabilities is a group of health and social care professionals, who work together to support adults with a learning disability.

Who we support

We support people with a learning disability who are 18 years or older, to help them lead and run their lives the way they want.

We also support carers, health workers and other service providers who work together to look after people’s social care needs.

Values and Principles

Our aim is to work with people with learning disabilities and their carers, to make sure they have the best health and social care they need so that they are able to have a good quality of life.

What we can help you with

- Working out what support people with learning disabilities need and how we can best help to meet those needs.

- Support with epilepsy
• Support to deal with challenging behaviour

• Communication support

• Equipment

• Relationships

• Supporting people with complex physical health needs

• Difficulties with eating and drinking

What we do

• Assess health and social care needs

• Provide information and advice
• Work with the individual and their carer if there is one

• Provide training to help with any health problems

• Encourage access to the community

• Work with doctors, health and social care workers, voluntary organisations and community services to provide support for an individual’s health needs
